to the defenders of the Warren Report, to the press and communications industry, to the Establishment intellectuals and commentators, and tells the often grim story of how his dissent was almost silenced.
A Citizen's Dissent Mark Lane Replies

By the author of last year's #1 best seller, RUSH TO JUDGMENT

It may read like *1984*, but it's all true—Mark Lane's gripping, fully documented story of how the U.S. government and the communications industry attempted to suppress his investigation of the Kennedy assassination—and failed. Readers who were enthralled by RUSH TO JUDGMENT (140,000 sold in hard covers) will be equally fascinated by this stirring account of what one man—virtually alone—can do when he is determined to break through an official "curtain of silence" and bring the truth to the American people.
